

The Institute for Building Technology and Safety (IBTS) is urgently looking to fill positions to help with Hurricane Harvey disaster recovery efforts in addition to ongoing openings in the inspection field.

We have openings for inspectors, field operations supervisors, fire protection engineers, field project managers, site supervisors, inspections managers, and many more.

This an excellent opportunity to join a successful, fast-growing non-profit company dedicated to community service. IBTS offers staff outstanding benefits, growth opportunities, and a culture that values our employees.

Our contractors and employees are well paid. Many positions are ideal for anyone actively involved or recently retired from the construction industry.

Opportunities are available in Ashburn, VA, onsite in Texas, and in home production facilities across the US.

Visit our website to view openings <<http://www.ibts.org/join-our-team/our-openings/>>?

Best regards,  
Sam?
